## About Product

Preserve Nature. Build the Future. Choose V-WPC in a world where every choice matters, why settle for traditional wood that harms the environment? At V-WPC, we believe in building a better tomorrow-one frame, one window, one door at a time. That's why we bring you Wood polymer composite (V-WPC) a thoughtful blend of Reclaimed saw powder, high quality polymer, and eco-safe additives, crafted to give you the warmth of wood without costing the earth. Strong, Stylish and Sustainable V-WPC is the Smart alternative for Doors, Door Frames, Window Frames & Window Shutters. Shape it, polish it, and paint it with traditional tools. But unlike wood, it's resistant to moisture, termites, and time. Whether you're creating a cozy home or a modern workspace, V-WPC helps you build your dreams with protecting forests, reducing waste, and embracing innovation. Because the future of construction doesn't just look good-it feels right too.

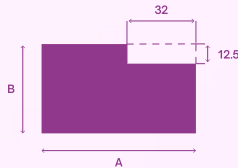

V-WPC Window Frames & Window Shutters

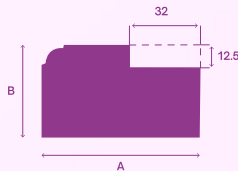

V-WPC Door & Door Frames
